

FLOW SWITCH PLUS

The Flow Switch Plus is the ideal protection for an electrical device in your pond installation. At insufficient water flow the Flow Switch Plus will turn off the connected device (e.g. a UV-C disinfection system).

- Prevents damage caused by running dry of devices rated at up to 10 amps.
- Easy installation thanks to the compact design.
- Easy to combine.
- Easy to integrate in an existing piping system, because of the special tee fitting.

Item No.	Type	Connection
5056581	Flow Switch Plus 120 V (type B)	2"
5056585	Flow Switch Plus 230 V (type E)	63 mm
5056577	Flow Switch Plus 230 V (type F)	63 mm
5056589	Flow Switch Plus 230 V (type G)	2"

BIO BALLS

High quality Bio Balls with a unique shape for biological filtration and a better water partition (trickle filters). High quality materials for long life span. Various sizes, specially made for pond use. Total surface: 8797mm², protected surface: 7037 mm².

Item No.	Type	Content
4902611	Bio Balls Bag	10 liter
4902017	Bio Balls 30 mm big bag	(± 72.000 pieces)

BIO BLOCKS

Useful bacteria growing on the huge surface area provided by these filter elements, converts harmful toxic fish wastes into relatively harmless by-products which are then removed by the plants or water changes. Size: Ø50 mm, height: 29 mm, total surface: 18897mm², protected surface: 11338 mm².

Item No.	Type	Content
4902613	Bio Blocks Bag	10 L (± 90 pcs.)
4902629	Bio Blocks Bag	25 L (± 225 pcs.)
4902010	Bio Blocks Bag	± 500 pcs.
4902015	Bio Blocks Bag	± 2.000 pcs.

WELCOME TO XCLEAR

A garden pond is a symbol of life. To ensure the flourishing of the flora and fauna within your pond, it is crucial to maintain the water in a perfect state of balance. This is where your filter technology becomes indispensable, requiring daily attention.

For those seeking optimal health and clarity for their pond water, look no further than Xclear UV-C disinfection systems and pond equipment. These reliable solutions provide the best means of keeping your pond water clean and transparent. Whether you have a professionally designed koi pond or a do-it-yourself project, Xclear offers a range of products suitable for any situation.

Xclear is a registered trademark of VGE B.V., a company located in the southern region of the Netherlands. With more than four decades of experience since its establishment in 1982, VGE has developed high-quality and innovative products for ponds, pools, and industrial applications. At the VGE headquarters, Xclear products are meticulously designed, manufactured, and assembled by a team of dedicated professionals. These experts maintain close communication with customers from over 70 countries worldwide.

VGE B.V. places great emphasis on innovation, maintaining its own product development department dedicated to introducing new products and enhancing existing ones. Innovative thinking is one of our core strengths, as we continually tailor our offerings to align with current pond trends and meet the diverse needs of our customers.

The successful Xclear product range is also available for private labeling. To learn more about this opportunity, please get in touch with our sales department for detailed information.
