

## XCLEAR FISH FEEDER

SMALL QUANTITIES  
CAN BE DOSED,  
LEAVING NO  
UNNECESSARY  
POLLUTION

Due to its 3-button controller the Xclear Fish Feeder is very easy to program and operate. Using the Xclear automatic fish feeder will get the most out of your fish by always giving them the correct amount of food. This results in optimal growth and a more beautiful colour pattern for fish, such as koi. Also suitable for fish farms, control several feeders simultaneously by external automation.

### OPERATION

- Very easy 3-button operation and programming.
- Configure the quantity of food by setting the required dispensing time per feeding from 0 to 600 seconds.
- Easy-to-set automatic feeding times.
- Food container for 7 liters of food.
- With 9 meters of electric cable.
- Can feed from 1 to 24 times a day.

### BENEFITS

- No unnecessary pollution of the water.
- The filter is less likely to become clogged by food residue.
- Healthier for your fish.
- Suitable for pellet sizes between 2 and 9 mm.
- Labour-saving.
- External automation possible for one or more feeders.
- Including installation bracket.
- Made in the Netherlands.

## WELCOME TO XCLEAR

A garden pond is a symbol of life. To ensure the flourishing of the flora and fauna within your pond, it is crucial to maintain the water in a perfect state of balance. This is where your filter technology becomes indispensable, requiring daily attention.

For those seeking optimal health and clarity for their pond water, look no further than Xclear UV-C disinfection systems and pond equipment. These reliable solutions provide the best means of keeping your pond water clean and transparent. Whether you have a professionally designed koi pond or a do-it-yourself project, Xclear offers a range of products suitable for any situation.

Xclear is a registered trademark of VGE B.V., a company located in the southern region of the Netherlands. With more than four decades of experience since its establishment in 1982, VGE has developed high-quality and innovative products for ponds, pools, and industrial applications. At the VGE headquarters, Xclear products are meticulously designed, manufactured, and assembled by a team of dedicated professionals. These experts maintain close communication with customers from over 70 countries worldwide.

VGE B.V. places great emphasis on innovation, maintaining its own product development department dedicated to introducing new products and enhancing existing ones. Innovative thinking is one of our core strengths, as we continually tailor our offerings to align with current pond trends and meet the diverse needs of our customers.

The successful Xclear product range is also available for private labeling. To learn more about this opportunity, please get in touch with our sales department for detailed information.
