

Xclear PVC Immersion UV-C

Advantages

Immersion UV-C systems can be installed in filter tanks, allowing water to pass through without any resistance or pressure loss.

- Can be integrated into existing filter systems or filter chambers
- Ideal when there is no space for an inline UV unit
- The plastic end of the lamp has a 32 mm diameter, compatible with standard 32 mm pipe clips for mounting inside a tank
- A special tank connector is available for direct installation into filters (see picture)
- Tank connector: 1½".
